Voice on the Net Coalition Statement on jobs4america Initiative

The following statement can be attributed to Glenn Richards, Executive Director, of the VON Coalition:

The VON Coalition supports the jobs4america initiative and the FCC's efforts to make broadband available for all. For more than a decade, members of the VON Coalition have demonstrated that when not burdened by outdated regulatory schemes, broadband enabled, IP communications are changing peoples' lives -- creating jobs and opportunities in rural communities and lowering costs and increasing productivity for businesses of every size. jobs4america is an important initiative that will bring us closer to the day when every American business and household, whether rural or urban, can benefit from VoIP and other IP communications technologies.
